

## Membership

### BE PART OF OUR GREEN VISION

Whether your organization is new to sustainable transportation or building up an existing green portfolio, Greenroads Membership is a great fit!

Join an elite global community of transportation professionals, public agencies, and other organizations demonstrating a commitment to sustainability.

Along with showcasing environmental responsibility, Members also receive the following perks:

- FREE access to the Greenroads Rating System
- Listing on our website
- Marketing and promotional benefits
- Discounts for educational programs
- Support and savings on Greenroads Projects

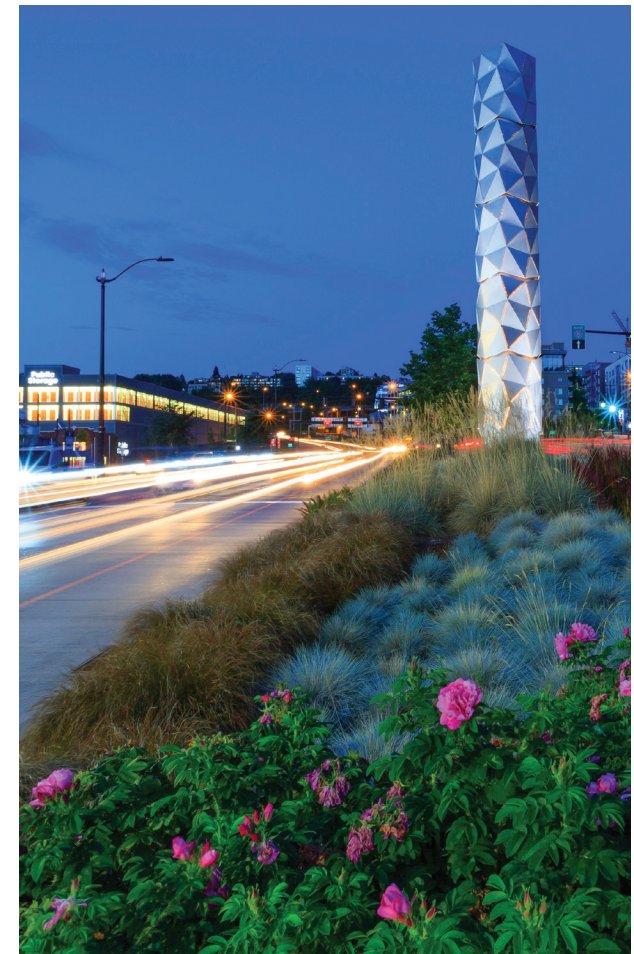

Learn more and become a member at [greenroads.org/membership](https://greenroads.org/membership)

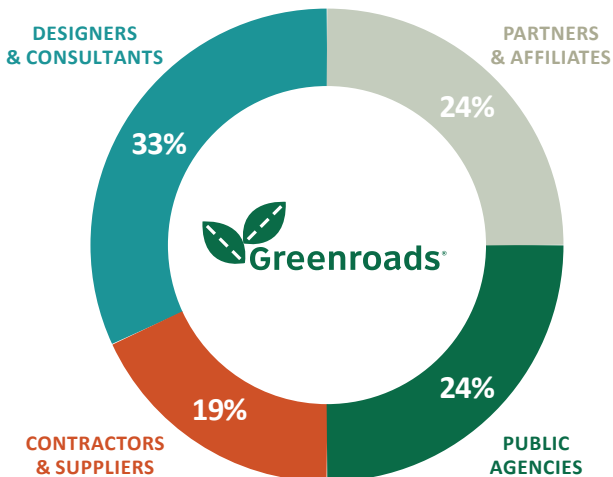

### We are fundamentally changing the way the world builds transportation projects

At Greenroads we prepare you with the tools, connections, and training you need to add value to your transportation projects and make them more sustainable.

Established in 2010, Greenroads is an independent nonprofit advancing sustainability education and initiatives for transportation infrastructure. As the developer of the Greenroads Rating System, we manage the certification processes for sustainable transportation projects around the world.

Sustainability,  
**one mile at a time**

[greenroads.org](https://greenroads.org)

## Why Greenroads?

**You know sustainable transportation is important, but do you know what it looks like? Greenroads does.**

We benefit communities and the environment by recognizing sustainable transportation projects and by promoting sustainability education for transportation infrastructure.

### **We will help you:**

- 🌱 Minimize environmental impacts
- 🌱 Improve quality of life
- 🌱 Manage resources wisely
- 🌱 Make data-driven decisions
- 🌱 Exceed expectations

## The Rating System

**An instruction manual for building sustainable transportation projects.**

The Greenroads Rating System is internationally recognized as the best tool for measuring and certifying the sustainability of transportation infrastructure. It includes innovative design and construction best practices and is a good fit for most transportation projects.

**The points-based system draws from five core areas:**

- 🌱 Environment & Water
- 🌱 Construction Activities
- 🌱 Materials & Design
- 🌱 Utilities & Controls
- 🌱 Access & Livability

**Get a copy at**

## Education

### **GET YOUR GREEN CREDENTIALS**

In order to build Greenroads, you need a green education. Greenroads offers an array of educational opportunities designed to prepare users for success. From basic information sessions to accreditation programs, we offer instructional support at every level.

#### **TRAINING SEMINARS**

- 🌱 Greenroads bootcamps
- 🌱 Custom private sessions
- 🌱 Technical presentations
- 🌱 International information exchanges

#### **ONLINE LEARNING**

- 🌱 Bimonthly introductory webinars
- 🌱 Self-paced click-through learning
- 🌱 Exam prep webinars

#### **STP PROFESSIONAL CREDENTIALS**

- 🌱 STP LEVEL 1: Community Advocate
- 🌱 STP LEVEL 2: Project Associate
- 🌱 STP LEVEL 3: Project Manager

## Projects

### **EVALUATE YOUR GREEN PERFORMANCE**

A Greenroads Rating helps you tell your sustainability story. Using an interactive online submittal process, teams manage and track progress toward sustainability goals throughout design and construction with support from Greenroads staff.

#### **MEASURABLE BENEFITS**

- 🌱 Cut costs (initial and maintenance)
- 🌱 Engage stakeholders
- 🌱 Create green jobs
- 🌱 Improve resilience and durability
- 🌱 Reduce environmental impacts
- 🌱 Promote safety and community health

#### **TYPES OF RATINGS**

##### **Pilot**

An objective assessment of your project as-is and its green potential.

##### **Certification**

An independent, rigorous review of your entire project's sustainability performance.
