## Keynote Speaker: Gabe Klein

Gabe Klein is a Founding Partner of Cityfi, advising governments and companies worldwide on urban innovation. Gabe is the former Commissioner of the Chicago and Washington, D.C. Departments of Transportation. His achievements include building bus rapid transit, streetcar programs, 100+ miles of bike lanes, and better pedestrian infrastructure for vulnerable citizens citywide. He pioneered two of the first bike share systems in the U.S. that are among the largest in the country. He also facilitated private services like car and rideshare to meet each city's mobility goals. As Chicago Commissioner, he brought a new Riverwalk, the breathtaking Bloomingdale Trail, and four new transit stations to Chicago.

Gabe honed his leadership skills and creativity in business, serving as Vice President of Zipcar, as National Director of Stores for Bikes USA, and as CEO of his own electric-powered, organic food truck chain, On the Fly. In 2014, Gabe joined Fontinalis Partners as a Venture Partner. Gabe published Start-Up City with David Vega-Barachowitz on Island Press in 2015, a manifesto for revamping how we innovate in cities and rethinking public-private partnerships with a triple-bottom-line approach.
